EDUCATION

Master's Degree Graphic Design

Dokuz Eylul University
Izmir, Turkey 1999 – 2001
**University Program and
Courses included:**
Creating short animated and
interactive multimedia
projects; incorporating them to
commercial practices such as
advertising, web design, and
dynamic media.

Bachelors of Fine Arts Degree Graphic Design

Dokuz Eylul University
Izmir, Turkey 1994 - 1999
**University Program and
Courses included:**
Design concepts for branding,
advertising, and packaging;
while exploring aspects of
graphic imagery, typography,
and production. Hands on
training on figure drawing,
illustration and traditional
printmaking.

OBJECTIVE

My goal is to work in a productive environment where I can design and develop visually and functionally consistent, user friendly interactive applications and presentations.

CAREER DEVELOPMENT

MEDIAPRO 12 -2007 - Present

Flash Designer / Developer

Designed and developed various interactive applications for company's e-learning courses. Defined guidelines and user friendly standards to ensure design consistency. Translated project plans into strong conceptual design solutions that both met client and company expectations. Learned emerging e-learning technologies when necessary and shared knowledge with the team members.

SEATTLE CENTER'S FESTAL 2006 - 2007

Print / Web Designer

Designed the visual look of the Turkfest 2007 theme and official website. Generated print and web based marketing collateral while creating a consistent design language across all communication pieces. Promoted the festival using social media networking tools.

MICROSOFT CORPORATION 7/2007 - 9/2007

Print / Web Designer

Worked with a team of designers and developers to create Microsoft Vista's video tutorials in various languages.

MICROSOFT CORPORATION 2/2007 - 3/2007

Print / Web Designer

Collaborated with a team of programmers and developers to create new software interfaces, icons, charts and presentations.

MICROSOFT CORPORATION 6/2006 - 8/2006 - 12/2006

Print / Web Designer

Worked with a team of designers and developers to create Microsoft Vista's video tutorials in various languages. Performed other duties as assigned.

THE HACKER GROUP 8/2006

Print / Web Designer

Coordinated with project managers on scheduling, tasks and dependencies. Created presentations with InDesign and PowerPoint for company's various clients.

MRM WORLDWIDE 4/2006 - 5/2006

Print / Web Designer

Collaborated with Art Directors to establish and evangelize new UI designs while following strict branding guidelines. Created and optimized flash animations and graphics for Microsoft's Vista campaign.

FREELANCE 6/2005 – Present

Print / Web Designer

Works with small businesses and non profit organizations as a designer and consultant.
